## **JPJets signs an agreement to carry out the third Phase of Aqaba's VIP Terminal**

Jordanian Private Jets Services (JPJets) and Alaeddin Construction est has Signed an agreement that took place at Al Nasser Architects, whereby Alaeddin Construction is to execute the third phase of Aqaba's VIP terminal's project.

The agreement was signed by Mr. Nader Manna, Managing Director of Jordanian Private Jets Services (JPJets), and architect Saleh Alaeddin, General Manager of Alaeddin Construction, in the presence of Architect Safwan Al Nasser, General Manager of Al Nasser Architects and Mr. Ammar Kamal, Business Development & Projects Manager of Jordanian Private Jets Services.

This terminal is considered to be the first terminal specialised for Ground Handling Services of private jets in the Middle East owned by a private institution. Whereas the project will be consisting of a VIP lounge customised to meet all requirements of Business men and Private Jets Passengers. In addition to eight executive rooms for Private Jets crew who are willing to rest for a few hours while waiting for passengers.

The project will also include executive jets apron for private jets arriving to King Hussein International Airport, which will be equipped by special tools for ground handling services purposes.

The execution of the first and second phase of the project has finished already, while the third phase is expected to be finished before the end of 2010.
